

113 Meguiar's Machine Glaze

Overview: This compound conditions the mold surface prior to waxing. #113 eliminates any final swirl marks which may be present at this stage. Additionally, this formula actually 'feeds' the surface with a wax-like petroleum product which deepens the effect of later coats of release wax. This product contains no silicones, making it safe for the paint shop environment. Suggested buffing speed: 2500 rpm min., and a # 1104-A lambs wool polishing pad is recommended for best results.

Available in 16 oz and 64 oz bottles.

Features and Benefits:

- **Polishes to a flawless finish**
- **Applied with a rotary buffer to achieve a dramatic wet-look shine not possible with hand application**
- **Feeds and nourishes your mold surface**
- **Buffing residue wipes off easily**
- **Safe and effective on all paint finishes, including clear coats**
- **Paintable**

Directions: Shake well. Apply in the shade on a cool surface. If the finish is neglected, pre-cleaning may be necessary. Do not apply to rubber or vinyl surfaces. Apply to one section at a time, using a buffing pad. Work product until nearly dry. Wipe off excess using a clean, dry, quality, 100% cotton terry cloth towel.

Storage: Keep out of Reach of Children. All containers should be properly labeled to prevent accidental ingestion or improper disposal. Individuals should reseal any partly used material back in the container. Store under cool, dry conditions away from open flames and high temperatures. For more detailed instructions on storage, please see the MSDS Sheet.

Safety and Handling: #113 Meguiar's Machine Glaze contains ingredients that could be harmful if mishandled. Contact with skin and eyes should be avoided and necessary protective equipment and clothing should be worn. Individuals should wash with soap and water before eating, drinking, or using toilet facilities. Individuals should observe conditions of good industrial hygiene and safe working practices. For more detailed instructions on handling please refer to the MSDS Sheet.
